**Adult Assembly Required.**

- Contains small parts, sharp points and edges.
- Do not stand, sit, kneel, climb, lean or pull on unit for support.
- Never leave children unattended.
- Do not place unit near high heat or moisture.
- Adult supervision recommended.

Children climbing on furniture can lead to death or serious injury due to tipping secure unit to wall using appropriate hardware.
1 Install Shelves to the Dividers

Align the slits on the Left and Right Dividers (F) with the slits on Middle Shelves (D) as shown and slide together until seated.

Place two Cam Locks (J2) into the recessed holes on the Left & Right Dividers (F), with the arrow facing the closest edge.

**Note:** Each divider side with six holes should face outward.

2 Install Bottom Shelf to Dividers

Install the Bottom Shelf (E) on to the Left and Right Dividers (F) with four Hex Screws (I) using the Hex Tool.

**Tip:** Groove for back panels should align with shelves.

3 Connect Lower Shelf to Lower Dividers

Place three Cam Locks (J2) into the recessed holes on the Anchor Bar (C).

Install three Cam Posts (J1) into the threaded plastic inserts on the underside of Top Panel (B) with a Phillips screwdriver.

**Reminder:** Do not overtighten, as the plastic threads can be stripped.

Insert the Top Shelf (B) Cam Posts into the holes on the top edge of the Anchor Bar (C).

Turn the Cam Locks (J2) clockwise with a Phillips screwdriver to lock the Anchor Bar (C) onto the posts.

4 Connect Top Panel to Upper Dividers

Install four Cam Posts (J1) into the threaded plastic inserts on the underside of Top Panel (B) with a Phillips screwdriver.

**Reminder:** Do not overtighten, as the plastic threads can be stripped.

Insert the Top Panel (B) Cam Posts into the holes on the top edge of the Left & Right Dividers (F).

Turn the Cam Locks (J2) clockwise with a Phillips screwdriver to lock the Left & Right Dividers (F) onto the posts.

Two Adults Recommended: Carefully rotate unit upright.
5 Install Shelf Bars
Align pre-installed dowels on six Shelf Bars (G) with holes on Left & Right Dividers (F) and push into place. Secure in place with six Hex Screws (I) using the hex tool.

6 Install Left Side Panel
Install the Left Side Panel (A1) on to the Top Panel and anchor Bar (B,C), Middle Shelves and Shelf Bars (D,G) & Bottom Shelf (E) with thirteen Hex Screws (I) using the Hex Tool.

7 Insert the Back Panels
Slide the Back Panels (H) into the grooves on the Top Panel (B), Middle Shelves (D) & Bottom Shelf (E) as shown, until fully seated into the groove on the inside of the Left Side Panel (A1).
Tip: If the Back Panels do not slide in easily, wiggle the panels while pushing into place.

8 Install Right Side Panel
Install the Right Side Panel (A2) on to the Top Panel and anchor Bar (B,C), Middle Shelves and Shelf Bars (D,G) & Bottom Shelf (E) with thirteen Hex Screws (I) using the Hex Tool.
Install the Wall Mount

Consult a professional Handyman, Carpenter or Maintenance person to install the wall mount. They can determine suitable wall mounting hardware, available from your local home improvement store, for your particular application.

The Wall Mount (K) should be secured in a minimum of two locations, preferably into wall studs.

Care and Cleaning

Clean wood with a damp cloth or sponge using warm water and mild soap. Wipe dry. Do not place near heat, moisture or vaporizer which may cause wood to warp and peel.

Check for loose or worn parts periodically and tighten or replace as necessary.
