30-Bay Charging Cart
ELR-20801

Product Guide

IMPORTANT INFORMATION
Read all instructions before beginning assembly. Keep instructions for future use.

SUGGESTED USE
- The cart should only be used for the storage, transport, and charging of tablets.
- ALWAYS ensure the cart is on a flat and level surface during use.
- Weight Capacity: 120 lbs.

WARNING
- Contains small parts and sharp points.
- Two adults recommended for assembly.
- Adult supervision required at all times.
- Liquids should not be stored in, set on or placed inside this unit.
- Never unplug this product from the outlet with wet hands or by pulling the power cord.
- Never pull the storage cabinet by the power cord.
- Do not pull or jam the power cord against sharp edges.
- Do not crush or drag the power cord while transporting the storage cart.
- Do not use an extension cord in conjunction with this product.
- Do not exceed weight capacity of this item.
- Do not exceed 50 lbs on top of cart.
- Indoor use only.

PROPER USE
- The Control Switch must be in the OFF position before plugging into an outlet and connecting equipment to the cart.
- This Storage Cart provides 32 AC adapters and has two 125V, 1875W power strips.
- The Charging Cart’s ground prong must be present for safe operation. If the plug is damaged or if the ground prong has been removed it should be replaced by a qualified electrician.
- As a precaution, have a qualified electrician test the circuit to where you will be plugging in the unit. The circuit should be checked for ground integrity to verify that it will handle the draw per power strip and that appropriate protection is in place.

Assembly
Cart is ready to assemble. All parts and instructions for adult assembly included. Screwdriver and batteries not included. Prevent damage to the unit by assembling on a protected surface.

Maintenance
Check for breakage, loose or worn parts periodically and remove from service when any condition develops that might deem operation unsafe. Do not connect the unit, if the switch, receptacle(s) or power cord has been damaged. All electrical components on this product must be repaired by a qualified electrician.

Construction
Sturdy and durable, the cart is made of powder coated metal. Included power strips are UL Listed.

Care and Cleaning
Clean unit with a damp cloth or sponge using warm water and mild soap. Wipe dry. Do not use water to clean electrical components. Do not place near heat, moisture or vaporizer. Item is not waterproof.

Registration & Warranty
Get the most out of ECR4Kids products by registering at www.ecr4kids.com/registration or by filling out and returning the included registration card. 5-year limited warranty.
- Inadequate repair can create significant hazards to users and is not covered by the warranty.
- ECR4Kids cannot accept any liability for damage if the Charging Cart is misused, incorrectly operated or inadequately repaired. Under these circumstances the warranty will be void.

Hardware
To order replacement hardware, contact Customer Service with a description of the part(s) needed and the Batch ID code located on the underside of the cart.
For information regarding the Digital Lock, please see supplement.
